Ich denke mit den Vorstellungen der Kunde und sehe durch die Augen der Benutzer. Dabei plane ich stets meine Arbeit mit Herz in meiner Hand.

Ich habe bisher große Erfahrungen komplexe Konzepte zu vereinfachen und effizienten Grafiken zu entwickeln.

Ich glaube an Kommunikationsdesign

Unsere Aufgabe als Designern ist das Storytelling, indem wir gute Entscheidungen treffen sowie verschiedene Symbole und Bilder verwenden.

### LinkedIn Empfehlung

I contacted Giovanni with a request to make a logo for our architecture office. He replied promptly and directed me to supply therequired info about our business, in order to get a clue of our work and needs. After a very short time I got several examples, all of them were creative and showed his deep understanding of our concept, giving us a final result that absolutely convinced us he is the right guy for the mission. The whole communication was totally clear and fast and with lots of positive vibes and support. It was a pleasure to cooperate with Giovanni,

and I would recommend anyone looking for a creative designer to work with him. He's a real pro! **Nir Sabag - Sabag Unit**

Giovanni saved my life when our resident designer from Start-Up Boot Camp got sick right before deadline of an important project. Giovanni's design was amazing. On top he was efficient and stayed cool under stress. It was great to have him and hope we will be working on future projects again.
